Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: my compounded prescription relieves  
my symptoms and helps me more than  
anything else! These services that  
specialty pharmacies provide me are not  
available from commercial pharmaceutical  
manufacturers. This limitation would greatly  
compromise my quality of life. Please do  
not restrict the availability of individually  
compounded medications! It has also helped  
me with endometriosis. Jeanette m Rae
